APPROVAL

OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of the Truckee River as set forth in the Truckee River Final Decree as entered by the U. S. District Court of Nevada, Case in Equity No. A-3, vested under Claim No. 487, is issued subject to the terms and conditions of said Decree and with the further understanding that no other rights on the source will be impaired by the change proposed herein. A substantial headgate, weir or other suitable measuring device must be installed at or near the new point of diversion to facilitate the measurement and control of water.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.2893 cubic foot per second, and not to exceed 46 acre feet per year.

Actual construction work shall begin on or before June 29, 1949

Proof of commencement of work shall be filed before July 29, 1949

Work must be prosecuted with reasonable diligence and be completed on or before June 29, 1950

Proof of completion of work shall be filed before July 29, 1950

Application of water to beneficial use shall be made on or before

June 29, 1952. Proof of the application of water to beneficial

use must be filed with State Engineer on or before July 29, 1952

Proof of commencement of work filed JUN 27 1949

Proof of Completion of work filed JUN 15 1950

WITNESS MY HAND AND SEAL this 10th day

of January, 1952

Alfred Meany Smith

State Engineer.

CANCELLED  
March 14, 1952 in accordance with a  
Stipulation and Agreement dated  
Nov. 28, 1950.
